

# CORN PRODUCT DATA

## STINE® 9817-30N BRAND

Stine 9817-30N brand corn features multiple modes of action for above-ground protection against yield-robbing insects. It's broadly adaptive with a taller plant structure that makes it a great option for silage acres or wider-row widths. It also has excellent root structure and stalks.

- Broadly adaptive across yield environments
- Nematicide protection seed treatment

|                                |                             |                  |
