## STINE® 9756-G BRAND

Stine 9756-G brand corn is well suited for refuge acres or acres not needing insect protection. It is a short-stature corn option with excellent root structure and stalks for ideal standability that works in all row widths. 9756-G boasts very good plant health and leaf disease protection and performs best at higher planting populations. It's widely adapted and works well across a wide range of yield environments.
