

CORN PRODUCT DATA

STINE® 9215-20 BRAND

Stine 9215-20 brand corn is a high-yielding line that performs best when placed on average- to high-yielding soils and boasts excellent agronomics — from stalks to root structure — for strong season-long performance. Its taller plant structure produces good silage values and responds to higher management with outstanding early-season vigor. 9215-20 also has a positive response to fungicide applications.
