

CORN PRODUCT DATA

STINE[®] **NEW** MX250-10 BRAND

Stine MX250-10 brand corn offers two herbicide modes of action for ultimate in-season weed control. This line also features excellent protection against yield-robbing pests, such as European and southwestern corn borer. MX250-10 has very good roots and excellent stalks for season-long standability, along with very good emergence and early-season vigor. It is broadly adaptive across yield environments and performs best at higher planting populations.
