SOYBEAN PRODUCT DATA

STINE®
03EJ02 *BRAND*

Enlist E3® SOYBEANS

Stine 03EJ02 brand is a medium-height line with great yield potential. For best performance, plant it in narrow-row, high-population environments on moderate- to well-drained soils. Its good iron deficiency chlorosis performance also allows for planting in poorly drained calcareous soils. If Sclerotinia white mold presence is possible, widen rows to enable air movement between rows.
