STINE® 13EG23 BRAND

EXCLUSIVE LINE FOR 2027: Stine 13EG23 brand is a medium-height, high-yielding soybean that is a great choice for wide-row, low-population management strategies. 13EG23 is a showy plant type that will bush out. It works well on heavy or marginal-type ground with a high-yield expectation. For best results, if wanting to plant early, apply a treatment if sudden death syndrome is a concern.
