30EH23 *BRAND*

Enlist E3® SOYBEANS

Stine 30EH23 brand is a beautiful, showy plant that can develop lots of branches. This moderately short to medium-height plant type works best in all-out yield environments and features STS tolerance. A strong sudden death syndrome rating allows early planting, even in poorly drained soils, due to its 1k Phytophthora root rot resistance. If planting in soils prone to white mold, open the canopy to avoid pressure.
